Re: Proposed annexation to the
City of Glendora, Southerly
Annexation District No. 21

Dear Mr. Baiotto:

At the meeting held on December 26, 1956, the County Boundary Commission reviewed the boundary description and map submitted by you with your letter of December 4, 1956, of the proposed annexation of territory to the City of Glendora.

Although the boundaries submitted to not create islands and conform with lines of assessment as nearly as practicable, upon recommendation of the County Engineer slight revisions were made in the boundary description to provide the definiteness and certainty intended under the provisions of Section 35002 of the Government Code. Said revisions were in the wording of the boundary description and made no change in the location of the boundaries as shown on the map.

The County Boundary Commission instructed me to inform you that a corridor of unincorporated territory is left between the boundaries of this proposed annexation and the boundaries of the proposed "Southerly Annexation District No. 20" to the City of Glendora. However, if this corridor were closed off, a County island would be created.

With these revisions, the County Boundary Commission approved the boundaries of the above proposed annexation. A copy of the approved revised legal description is enclosed for your use.

Very truly yours,

Gordon T. Neavig, Secretary

Dear Sir:

CITY OF GLENDORA
"SOUTHERLY ANNEXATION DISTRICT NO. 21"

In compliance with your request of December 7, we have reviewed the submitted legal description of the proposed boundaries of this annexation and report as follows:

1. The boundaries conform with record lines.
2. A corridor of unincorporated territory is left between the boundaries of this proposed annexation and the boundaries of the proposed "Southerly Annexation District No. 20" to the City of Glendora. However, if this corridor were closed off, a County island would be created.
3. Other boundaries are shown in relation to the proposed boundaries of this annexation on the enclosed map.
4. The legal description as submitted requires revision to provide definiteness and certainty in accordance with Section 35002 of the Government Code.
5. Because of item 4 above, we have prepared the enclosed revised description which we recommend that the Commission approve and forward to the proponents.

All original papers regarding this matter are enclosed.
